Dear Ms. Tibbetts,

Thank you for the one photograph, but your response is totally unacceptable. This photo was accompanied by other photos, more emails, and other documents related to the controversy concerning my sculptures Apocalypse Now and my sculpture The Rapture from approximately March, 2014. I have requested ALL DOCUMENTS and EMAILS concerning these incidents . I can only take your denial that these documents and photos exist as an evasion of my FOI request.

Please let me know when you intend to comply with the FOI law.

Thank You,

Ronald Kynes Sr. (A.K.A."Foots")

Dear Ms. Tibbetts,

In regard to the above email you failed to mention or supply photographs that I requested in my September 11th of 2019 FOI request, please see the attachment in the first paragraph. I know these photographs exist because I have emails in my possession that prove that these photographs taken of my art exist. Please search your files again and provide these documents.

Thank You,

Ronald Kynes Sr. (A.K.A. "Foots")
